

WHERE DOES YOUR MONEY GO?

CURRENT PROJECTS AND PROGRAM ACTIVITIES – 2016-2017

Following are the current 21 Projects and Program Activities that HPN is actively involved with in 2017 – our most active year yet in Hollywood:

- We have now focusing on growing our **Social media**. We believe that that only way to grow our network of young pray-ers is to reach them on Facebook, YouTube, Twitter and Instagram. We are seeing great results and pray that this new push will expand our network all over the world to more young people seeing the importance of praying for our media!
- The **“Hollywood Community” DVD** Documentary is HPN’s most powerful means to spread the word and vision of our ministry and our mission field in 6 minutes! We duplicated and distributed **“The Hollywood Community”** all in-house, producing approx. 10,000 in the past 24 months, sending them out across the globe and bringing them to every speaking engagement.
- The key to our whole ministry is our **one-on-one meetings with entertainment industry professionals**. We are committed to spend more time with people at all levels of the industry, who want prayer. We meet with individuals over coffee, for lunch, in their offices, or in our office, and we host private prayer times for small groups and individuals as well. We find that these personal meetings are powerful and effective and we want to take more time to reach people one-on-one. We had over 100 meetings and/or personal prayer times with industry professionals in 2015, and there are many more to come.
- The **YouVersion Hollywood Prayer Devotional APP** is HPN’s current project. It was birthed out of a need for our members, including individuals, families and prayer groups who want to know how to pray for Hollywood and have a personal Devotional. It is a weekly Devotional with a Bible verse, a prayer request and a question or thought for personal reflection. It can be downloaded from the YouVersion app on any smart phone.
- HPN’s **Monthly Prayer Newsletters** are our only ongoing, consistent means of connecting with all of our 11,000 members. We send out monthly prayer letters via e-mail or snail mail, sharing prayer requests, praises and updates with all of our HPN members around the world. It is the heart of our ministry to reach people across the globe.
- Through our 1,700+ **“One to One” Prayer Partnerships**, HPN continues to strive for the goal of matching every Christian industry professional working in Hollywood with an intercessor who prayers from them from outside of the industry. Our partnerships are vital and transforming both the Christian

industry professionals and the intercessors, as God reveals to both His desires, plans and needs for His media “missionaries.” We need to develop more contacts with intercessors around the globe, as industry professionals wait for a prayer partner to pray for them. And we always need more male intercessors!

- The **HPN Kids & Teens Prayer Calendar** allows kids, their families and youth groups to pray daily or weekly for the young Hollywood professionals who are seen on their favorite films and TV shows. Just by downloading HPN’s Kids or Teens Monthly Prayer Calendars, anyone can start praying for young celebrities and those who are impacting the world’s youth. These calendars train our children to not just be mass media consumers, but also powerful pray-ers for their favorite stars. Our goal is to reach more youth pastors and parents across America and introduce them and their youth groups and children, to this useful tool, which transforms their minds and thus their culture. We also want more families to be praying through this calendar every month.
- HPN’s **Remote Prayer Stickers** are incredibly popular in households across the world. They are designed to stick on the front of any TV remote so that anyone can be reminded to pray for the people involved in the shows that Christians are watching on their TVs. These little red stickers say “Stop and Pray For This Show” and are found on more and more TV remotes across the country. We had two different large conference request a roll of these stickers in order to give out to those who attended the media conferences in 2014 and in 2015.
- HPN’s **90028 Wristbands** are a popular way for young people to get involved in praying for Hollywood. The red rubber wristband can be worn to remind you to pray for the world’s most influence zip code – Hollywood! Many of our members wear them daily, and sometimes along with their white U2 or pink cancer wristbands, also letting others know that praying for Hollywood is a priority.
- HPN offers a comprehensive **Website** that gives our global prayer warriors more access to resources and information on how and what to pray for Hollywood. We are now getting thousands of hits each month on our site. We now offer on-line prayer requests, articles giving insight into Hollywood and God’s presence here, lists of resources, Local Chapters, LA churches and practical ways for Christians to get involved in our industry. Our website is the life-line of our global ministry.
- HPN’s **Local Chapters** are the most effective way to build our community of HPN pray-ers. We expanded exponentially in the past 12 months by adding new worldwide Local Chapters. Current local chapters are in 103 cities across America and in 30 countries around the world. We host a free webpage for every Local Chapter in order to help others in their area get connected to pray for Hollywood. Some chapters have weekly prayer meetings, reach out to

non-believing entertainment professionals in their city or region and host prayer meetings for Hollywood. We supply our Local Chapters with materials, monthly inside info for prayer and connect them with one another. They are our greatest volunteers and contribute more to the ministry than we could ever do on our own.

- The **Incognito Prayer Team** is HPN's way to encourage people across the globe to pray for Hollywood celebrities and decision-makers whom they don't know but have a heart to pray for. Hundreds of our members are joining the IPT in order to pray for one or more "cultural influencers," asking God to touch their hearts and lives with His unconditional love. We email out weekly, personal, true information about these "influencers" to our IPT pray-ers so that they know more specifically how they can be praying.
- We sponsor weekly **Studio Prayer Walks and Prayer Groups** for groups of people to meet at lunch time on EVERY LOT, every week, walking the lot of a particular studio and/or praying in a conference room for one another and for their studio. These prayer gatherings take place now on ALL the major studio lots and there is a Christian host on each lot who coordinates that week's walk or that week's study. We also offer a Beverly Hills/ **Agency Prayer Walk**, to facilitate prayer for the agents and power players in Hollywood. We coordinate our walks on most of the major studio and TV network lots.
- We sponsor **Entertainment Neighborhood Prayer Walks**, breaking our city down into Tribes and getting volunteer hosts for each Tribe, to lead prayer walks in their part of the city. This encourages pray-ers and professionals to prayer walk their neighborhood for the entertainment facilities, production companies, studios and families who live in their Tribe, and claiming it as Holy ground.
- HPN continues to host the Annual **National Day of Prayer** gatherings on the first Thurs. in May. Working in partnership with the National Day of Prayer Committee and a dozen other LA churches, we gather hundreds of people to worship God and intercede for our nation, our entertainment industry and it's global influence. 2017 will be our 25th annual evening of prayer. We are partnering with other ministries, including the Salvation Army, and reaching new people.
- Speaking to Christians around the country is key to spreading the word to pray for Hollywood. Karen speaks around the nation, spreading the vision that Hollywood is a mission field and challenging people to pray. Her **Travel and Speaking Engagements** include Christian University Chapels, The National Prayer Summit, government leaders on Capitol Hill, and churches across the country, Barnabas Group, YWAM, outreaches, events, and many radio and TV shows in the U.S., Canada and England. As the opportunities grow, HPN wants to reach groups to hear the message of what God is doing in Hollywood. In 2014 HPN hosted 200 National Day of Prayer leaders,

where Karen and 40 other industry professionals spoke to them about what it takes to work as a Christian in our industry and how to pray for Hollywood. In 2015, we hosted 10 ORU students and 10 YWAM missionaries in a "Hollywood Missions Trip," changing their perspectives on Hollywood and what God is doing here. And Karen has had 10 different speaking engagements this year, including a Mayor's Prayer Breakfast in Bakersfield, CA.

- HPN is **partnering with other LA Prayer Ministries**, including PIHOP (Pasadena International House of Prayer) and Radiance International 24/7 Hollywood Prayer Room on the Sunset Strip. We include other LA prayer ministries in all of our special prayer for entertainment professionals and their families. We also offer intimate **Prophetic and Healing Prayer Sessions** for industry professionals.
- **Prayer Helicopter/Cessna Rides Over Hollywood.** These rides allow people to tangibly embrace the world's most influential mission field by flying over it and praying for the key locations, studios, networks, agencies, production companies and landmarks, giving pray-ers a clear vision of how to pray for Hollywood. Our first flight was May of 2014.
- HPN has sponsored dozens of **Hollywood Missions Trips** for churches from Omaha, Colorado Springs, Minneapolis, Florida, and from ministries such as Arts With a Mission, YWAM, Stars program and National Intercessors organizations. In 2015 we hosted three Missions Trips, from Taylor University, ORU Film Dept and in 2016 we hosted our HPN Local Chapter Director's Summit, which brought in 60 HPN Local Chapter Directors from around the world on a 3 day missions trip to Hollywood. It was life-changing for everyone involved. We continue to expand these trips and work in partnership with other ministries, inviting pastors from churches of all denominations and professors from Christian Universities, to spend up to a week in Hollywood on a short-term missions trip. We lead them on studio prayer walks, a taping of a TV show, and meetings with entertainment ministry leaders, sharing our vision for ministry here and challenging them to partner with us in reaching Hollywood through prayer.
- We have launched **Dinners for Six** in our home. Every month we invite four At One Alums, who are working professionals, over for dinner, to get to know them, encourage them, ask about their walk with the Lord and to pray for them. Our first two dinners were in 2015 and we have continued almost every month, until we run out of young working professionals who want to come over, eat and be prayed for. These one-on-one dinners are extremely effective and fruitful!
- HPN co-hosted a **Salon with The Brehm Center at Fuller Seminary** in January, 2016 and again in Sept. of 2016. Mako Fujimura is the Director of the Brehm Center of Arts and Culture and he spoke to an invitation-only group of Hollywood entertainment leaders; some Christians and some non-

Christians, about the importance of Art and Faith in our culture. Our second Salon with Mako on "Silence and Beauty" was on Sept. 22nd, 2016. A 2017 Salon is being planned.

OUR 2016-2017 NEEDS

Since 2001, HPN has been reaching our target groups of Christians and non-Christians working in the Entertainment Industry and we are seeing Christ lifted up in Hollywood. We have the passion, desire and ideas to continue expanding our target goals and increasing the awareness of Hollywood as the world's most influential mission field.

We continue to raise funds to cover the full cost of our 20 most important Prayer focuses, with the hope and prayers that we will continue to impact our industry and the church in America through these strategic plans, to meet the growing spiritual needs in the Hollywood Entertainment Industry and to mobilize prayer for the world's most influential mission field. Our greatest needs to carry out these plans can be broken down into two categories:

1. PROGRAM/ ACTIVITIES NEEDS :

Funding HPN's 21 major program activities that are at the heart of our ministry, including the materials, resources, postage, travel, DVD production and distribution, meetings, mailings, phone calls, increase our purchasing, printing, duplicating and mailing of our free materials to distribute to industry professionals, and Christian individuals and national churches in order to educate them about our ministry and unite them in a partnership of prayer.

The THREE MAIN PRAYER EVENTS in 2017 that need additional funding are the last three described above:

- a. Growing our Social Media - \$500 per month
- b. The Salon with Mako Fujimura - \$2,000 needed
- c. Hollywood Honors 2 Event - \$5,000

2. STAFF/ ADMINISTRATIVE NEEDS :

Funding for the man-hours needed to execute our programs, reach out to new potential intercessors and industry professionals, and respond to all of the requests for information and resources that we receive on a daily basis. Our continued growth depends on our staff time and availability to meet the needs of Christians who desire to pray for Hollywood, and the Christians and non-believers in Hollywood who are in need of prayer. We need to give our Program Coordinator more than her 16 hours per week and increase our Admin/Social Media Coordinator to 20 hours per week. Our Marketing/booking person is currently working only 6 hours per week, which needs to be increased as well.

We believe that by expanding prayer through HPN's events and projects, we will see a revival in Hollywood. We know that God is working here, we know He loves the creative people in our city and we would be so honored to have individuals and Foundations with a vision for changing culture take ownership of one or more of these projects in 2016 and partner with us and our passion to see God touch the hearts of the wonderful, smart, creative and broken people in Hollywood.
